### *Lets Agents Give Clients Peace of Mind*

**February 15, 2011 (Radnor, PA)** -- HTH Worldwide, a global health and safety services company, today announced that ASTA Marketing Services, Inc. (AMSI) has selected mPassport®, the worldwide medical concierge, as a preferred service that allows ASTA members to give their clients peace of mind no matter where their travels take them.

mPassport is a mobile and online service that helps travelers find carefully selected, English-speaking doctors in more than 180 countries and make an appointment on short notice. mPassport also gives travelers access to proprietary databases of notable hospitals, clinics and pharmacies in over a thousand top destinations and includes translation databases for thousands of brand name medications and medical terms and phrases.

"mPassport is a terrific new service that can help agents increase customer loyalty and provide peace of mind to their clients," said Bob Kern president of PNR Travel (Los Angeles) and AMSI president. "It's an indispensable tool that helps travelers find quality medical care anywhere in the world."

For \$19.95, travel agents can equip their clients for international travel with a six-month mPassport membership. Travelers can plan ahead or use mPassport as the need arises on their smart phones, tablets, laptops or desktops. Appointment requests are handled by an experienced medical assistance staff 24/7.

"mPassport is changing the way world travelers seek medical assistance, and provides the peace of mind that makes every trip a pleasure," said Angelo Masciantonio, CEO of HTH Worldwide, which developed and markets mPassport services. "We are pleased that AMSI has recognized mPassport as a vitally important travel companion."
