Sick Abroad? Access the mPassport® Global iOS App The Convenient Mobile Solution for Managing International Healthcare Needs

November 14, 2012 (Radnor, PA) – HTH Worldwide announces the new version of their iOS app for mPassport®. “We are excited to replace our 30 international city apps, with a single comprehensive global app,” said Dave Weber, Managing Director of HTH Worldwide. “This solution delivers all the power of mPassport.com with the convenience, control and optimized mobile experience available for Apple users.” The mPassport iOS app has an updated design and user experience, combined with the flexibility to access information, even when not connected to a network. mPassport’s Healthcare Information Services empower users with easy online and mobile access to:

- Search, find and schedule appointments with HTH’s elite contracted medical provider community, consisting of more than 6,300 physicians and 1,400 medical facilities
- Access key healthcare information such as; the Drug Equivalence Database for 35 countries, Medical Terms and Phrases in 10 languages, and Pharmacy information
- The Global Health and Safety team is available 24x7 to assist travelers with support for routine and emergency medical needs, guidance and appointment services

Over 46,000 study abroad students, expats, business and leisure travelers have downloaded the limited City-Destination version of mPassport. The new expanded global iOS app, delivers a larger network, increased information and improved user experience to travelers anywhere, through Apple technology, right at their finger-tips.

“The mPassport service for iOS enables travelers to deal with medical questions quickly, efficiently and safely while abroad,” said Angelo Masciantonio, Chief Executive Officer of HTH Worldwide. “When international healthcare issues arise, mPassport’s simple interface and comprehensive resources give you access and peace of mind to the best medical advice and care, no matter where you are.”

mPassport is a convenient and powerful tool for managing healthcare needs, options and medical assistance while traveling abroad. The mPassport service is available for an annual subscription price of \$49.95, which includes unlimited access and usage. From college students to business people, active vacationers to retirees, mPassport provides real time confidence, safety and control surrounding international healthcare needs.
